### **Operational Policies and Procedures**

### 6. Operational Policies & Procedures – The Context

Junction Community Trust (the Charity) is a small charity providing food and advice to local people in crisis (through Wandsworth Foodbank) and employment support for young unemployed people (through Spear Clapham Junction).

The Trustees understand and accept their responsibility under the EU General Data Protection Regulation (GDPR) to hold all personal data securely and use it only for legitimate purposes with the knowledge and approval of the data subjects.

By the following operational policies and procedures the Trustees undertake to uphold the principles and requirements of the GDPR in a manner which is proportionate to the nature of the personal data being held by the Charity. The policies are based on the Trustees' assessment, in good faith, of the potential impacts on both the Charity and its data subjects of the personal data held by the Charity being stolen, abused, corrupted or lost.

### 7. Personnel

## 7.1 Data Protection Officer

In the considered opinion of the Trustees the size of the Charity is not sufficient to warrant the appointment of a Data Protection Officer.

Accordingly, no Data Protection Officer is appointed.

### 7.2 Data Controller

The Board of Trustees is the Data Controller for the Charity.

## 7.3 Data Processor

The Board of Trustees will appoint the Foodbank Manager and Spear Centre Manager to be the Data Processors for the Charity.

A Data Privacy Notice will be provided, or otherwise made accessible, to all persons on whom the Charity collects, holds and processes data covered by the GDPR. ### 9. Information Technology

## 9.1 Data Protection by Design/Default

Inasmuch as:

- a) none of the Charity's volunteer Trustees are data protection professionals;
- b) it would be a disproportionate use of charitable funds to employ a data protection professional, given the scale and nature of the personal data held by the Charity;

the Trustees will seek appropriate professional advice commensurate with its data protection requirement whenever:

- c) they are planning to make significant changes to the ways in which they process personal data;
- d) there is any national publicity about new risks (*eg*: cyber attacks) which might adversely compromise the Charity's legitimate processing of personal data covered by the GDPR.

Personal data will never be transmitted electronically (eg: by e-mail) unless securely encrypted.

To protect against loss of data by accidental corruption of the data or malfunction of a removable data storage device (including by physical damage), all the Charity's personal data shall be backed up periodically and whenever any significant changes (additions, amendments, deletions) are made to the data.

Backup copies of the data shall be held in separate secure locations which are not susceptible to common risks (eg: fire, flood, theft).

Where a data subject requests that their data be rectified or erased the Data Controller and Data Processor will ensure that the rectifications or erasure will be applied to all copies of the subject's personal data including those copies which are in the hands of a Third Party for authorised data processing.

### 10.3 Right of Portability

The Charity will only provide copies of personal data to the subject (or the subject's legal representative) on written request.

The Charity shall regularly review the personal data which it holds and remove any data where retention is no longer justified. Such removal shall be made as soon as is reasonably practical, and in any case no longer than 20 working days (of the relevant Data Processor) after retention of the data was identified as no longer justified.

### 11. Third Party Access to Data

Under no circumstance will the Charity share with, sell or otherwise make available to Third Parties any personal data except where it is necessary and unavoidable to do so in pursuit of its charitable objects as authorised by the Data Controller.

Before sharing personal data with a Third Party the Charity will take all reasonable steps to verify that the Third Party is, itself, compliant with the provisions of the GDPR and confirmed in a written contract. The contract will specify that:
